HOBBIES

Listening to music, reading books, playing games, watching television.

SKILLS

Using Auto Cad, SOLIDWORKS, V5 CATIA and SKUBIQ software & MS OFFICE (Excel, Word, PPT).

FINAL YEAR PROJECT

My final year project to analyze the foldable frames for quadcopter with the help of knuckle joint which is designed with the help of V5 Catia software and with 3-D printing of ABS material we are fixing the frames in the aiming of hinged mechanism for the purpose of morphology. Hence, the target is that before flying we can set at any angle manually and tight with help of screw and make the quadcopter to fly at different angles.

I hereby declare that the above information is true and correct **-K.L.VENKATESH**
